## **1/5/2008**

*The weather was cool and gloomy but that didn't stop our faithful group from turning out for the first shoot of the year. There were a lot of familiar faces and a few new ones. We had 31 registered shooters but I know we had a few who paid but did not sign or turn in a score card. Please sign the register so we can keep an accurate count on attendance.*

*Billy proved that just because we had a new range director it didn't mean the course was going to get easier. The set was very well mixed and challenging to all.*

## **1/19/2008**

*The temperature started off in the teens and stayed there all day, but that wasn't enough to discourage our dedicated group from enjoying the day. We had 34 registered shooters with more new faces in the crowd and a few we hadn't seen for a while.*

*Again the course was well set and a big **THANKS** goes out to all who helped with setting up and tearing down the course.*

## **Work Day**

*On Saturday 1/12/2008 we had a work day to repair the bridges on the course. With a good crew, some hard work and under the supervision of Devin Bolen, we were able to remove all the old planks and put down new decking on both of the bridges on the course. It was a good example of what can happen when we all work together on a common goal. A big thanks goes out to: Dave McKnight, John French, Dan Newton, Charlie Bolen, Devin Bolen, Dale Pottinger, Dennis Evans, James Nixe, Ron Nixe and Billy Ashby.*

## **From The Editor:**

As a reminder come early and stay late to help manage the targets. These can turn into long days for the folks that set the targets. They can always use your help.

Any items you wish to see in this newsletter get them to me and I will get them in.
